

§ 106-643. Designation of persons to administer Article; inspections, etc.

The Commissioner shall have the authority to designate such employees of the Department or persons collaborating with the Department as may seem expedient to carry out the duties and exercise the powers provided by this Article. The Commissioner is authorized to survey or inspect premises for the presence of bees or other regulated articles, inspect colonies for bee diseases and disorders, and otherwise enforce the provisions of this Article and pursuant regulations. The Commissioner or his designated agent shall have authority to inspect vehicles or other means of transportation and their cargo suspected of carrying bees or regulated articles, and enter upon any premises to inspect any bees or regulated articles to determine the presence or absence of diseases or disorders.

Such inspections and other activities may be conducted with the permission of the owner or person in charge. If permission is denied the Commissioner or his designated agent, such inspections and other activities may be conducted in a reasonable manner, with a warrant, with respect to any premises or vehicles. Such warrant shall be issued pursuant to Article 4A of Chapter 15. A superior court or district court judge may issue confiscation orders on any bees or articles for which confiscation is authorized in this Article or pursuant regulations. (1977, c. 238, s. 10.)
